FRIDAY, JULY 3, 1896.

Tomorrow will be a fine day for us.

Let us have a good, patriotic day all along the line and hope next week to be able to say there were no complications or accidents.

Someville has now a new citizen. It is not a man or woman but a real live newspaper, which is the Weymouth Gazette, which has been published in this town and promises to be a bright and new sheet.

Town clerk John A. Raymond, in his report of the annual installation of officers and members of the Legislature of Massachusetts for the session of 1896, it is a volume of 212 pages and contains much valuable and interesting matter and statistics of the various departments of the State.

It is presumed the public will find it of interest and value.

We are in receipt of an article signed "Reader of Gazette" in regard to the household who had been around Washington every evening and had been generally educated. The article is true but the author forgot to attach his name to it and we do not publish anonymous articles. If the writer will send his name and address to the publisher, we will give the communication space in our next issue.

At the Fair Grounds South Weymouth.

Tomorrow afternoon the lovers of racing and horse-hall will have a treat at the Fair Grounds, South Weymouth. The new management, the Weymouth Jockey Club, has arranged some of the most interesting events ever given in Weymouth.

There will be a five-mile race between the celebrated bicycle rider E. E. Harvey and John Brooks who will ride three racing horses changing at the end of the second and fourth miles. There will also be a race of half mile between the North and South High School teams in which are entered horses which give an assurance of speed and well contested races.

Revolution in Inside Decorations.

The Star Liquid Kalsomin paint is manufactured by the Star Wood Floor Co. of East Weymouth, promises to revolutionize the entire system and process of interior decorations for walls and ceilings.

Liquid Kalsomin paint is the first and only article of the kind ever put on the market ready for use. It is a simple matter to mix a long list of colors and tints.

This paint is now prepared in sixteen colors and tints and is put in half gallon and gallon cans with brushes to match in quart cans and is sold at 50 cents per gallon. (One gallon of the paint will cover 250 sq. ft. of surface with one coat and makes the most perfect finish in use.)

Sunday of the Congregational Church, East Weymouth.

Children's Day was observed at the Congregational Church, East Weymouth, Sunday, July 3. The pastor, Rev. Daniel Evans, preached a sermon to the children in the morning on "Lessons from the Flowers." The church was prettily decorated with willow, daisies, and other flowers. A pleasing feature of the service was a chorus of little boys, who, under the direction of Miss M. E. Raymond, sang "We are little flowers of the earth." The church was administered to Miss M. E. Raymond, who was assisted by Miss M. E. Raymond, who was assisted by Miss M. E. Raymond.

Show-Tiret.

The residence of Rev. Daniel Evans at East Weymouth was the scene of a very pretty wedding last Wednesday evening. The contracting parties were Alvin A. Shaw and Nellie P. Tiret.

FOWLER CAPTURED.

Alleged Burglar Captured at Last.

Warren Nadel of Weymouth was a very much surprised man when he awoke at 5 o'clock Friday morning and saw a man standing at the foot of his bed. The man made a dash out of a window but before he had been long in the street, he was arrested by the police.

Nadel, notified the police, and Fowler was arrested the next morning by Officer Charles Fowler.

Fowler made his headquarters in the woods of Summer street in an old cartage body which he had constructed into a kind of hut and further in the woods he had a fire cooking.

Hollis, accompanied by John Hunsley, arrested Fowler in his hut, and he was taken to the district court, next morning and held for the September term of the court.

Fowler had on, when arrested, a pair of shoes and a pair of suspenders exactly like those stolen from Hollis' store a short time ago. In his hat was a key which fitted the store of M. E. Nash and a screw driver.

Fowler has had a record. He has been a term in the County Reformatory and two terms in the state prison which brings him under the habitual criminal law.

RECITAL.

By Miss Blanchard's Pupils.

Given in the Union Church Lecture Room.

Weymouth, Wednesday Evening.

The annual recital given by the pupils of Miss Blanchard was held in the Lecture room of the Union Church, Weymouth, Wednesday evening, July 3.

The room was filled with the friends of both teacher and pupils, who anticipated much enjoyment from the recital, and whose anticipations were always more than fulfilled.

The recital of Wednesday evening was one of the best ever heard in Weymouth, and the pupils and the complimentary remarks heard from the assembled guests were never more truly deserved than on the present occasion.

Where did all go well it is impossible to particularize for what might be said of each would apply to all.

The program was as follows: First, "The Song of the Lark," by Miss Blanchard.

Second, "The Song of the Lark," by Miss Blanchard.

A new Vanderbilt divorce is now on the docket. It is a dull work in the divorce.

The McKinley campaign is growing. It has now got as far as a McKinley shirt which has been added this week to the list of things, hats, and other things which were not before.

The double accident on the Hingham electric road last Saturday, where two persons were killed and another seriously injured, is a sad case. It is a sad case.

The democratic party seems to be in a bad way and hopelessly split. Silver is king of the southern and for western democracy. The eastern wing is far gone.

The old issues are practically dead, the tariff cut out a comparatively small figure in the campaign and will not influence many voters. It is a battle between the gold and silver standards and on this the division of parties is made.

The small money districts will vote the republican ticket and they will be welcomed cordially into the ranks of the party. The democratic party will probably not get an electoral vote this fall.

GRAND FOURTH.

East Weymouth Celebrates in a Fitting Manner.

Social and Beneficent Orders, Manufacturers and Merchants in Line.

For the first time in the history of East Weymouth an effort was made this year to have a Fourth of July celebration on a large scale and in a fitting manner. The idea was first broached at a meeting of the Fish and Game club in May and arrangements were at once set on foot. It culminated in a celebration of which the village will well be proud.

There was the usual amount of patriotic patriotism, and Friday afternoon and evening, Young America indulged in a good amount of horn blowing, shouting of cheerleaders and lighting bonfires all of which passed off without incident, and there was no serious accident of any kind.

The real program opened at 8 o'clock when those who were to take part in the parade gathered at the Commercial street. There were four divisions in the parade which was in charge of T. J. Evans, Chief Marshal and who had the following in his charge:

James F. Pratt, C. H. Barry, Charles Pratt, Frank J. Pratt, E. Q. S. Littlefield, P. H. Thayer, Walter H. Pratt, L. W. Thayer, D. N. Barry.

Promptly at nine o'clock, the advertised time the line moved in the following order:

First Division.
Platoon of Police
Weymouth Band
Fish & Game club represented by an elaborately trimmed carriage with a party of young ladies and men in fishing and hunting costumes.

Selection of Weymouth (in carriage)
Society of Young Men

E. Q. S. Littlefield, Hon. Sec.
Steam Fire Engine

Independent Order of Elks
James L. Bates, Capt. of V.
Stratford Lodge, H. D. of Union, and a large number of other organizations.

Ladies' Aid Society in finely decorated carriage, three of the ladies representing the four of the order—Friendship, Charity and Loyalty.

Lovell Cycle club (on wheels)
Young Men's Club

This division presented features which are hardly to be found in the world. It was a division of manufacturing industries in which the several departments of the establishment of M. H. Dyer & Co. were represented.

How to Live a Century

In an address on old age, recently published in the *British Medical Journal*, Sir James Crichton-Browne, M.D., L.L.D., says: "Man is entitled to live one hundred years."

Many men have lived a century and not one of them has ever committed suicide. Note that fact. It is a simple question of wear and repair. Accidents excepted, a human life is measured by the body's power to build itself up as fast as use tears it down. In health this is done.

But disease attacks it. Appetite and digestion fail; strength declines; flesh melts like snow. What can stop the wasting and replace the loss?

Scott's Emulsion

of Cod-liver Oil, with the Hypophosphites of lime and soda. It is a body-builder. It is the essence of the elements and principles that feed, nourish, reconstruct. It is fuel fat for the vital fire; it makes red blood; it stops the wasting; it puts back the lost flesh.

Hence its brilliant results in cases of anæmia, bronchitis, chronic gastric and intestinal disorders and consumption. The oil (easily digested and assimilated) forms flesh and tissue; while the lime promotes the growth of bone. It is like an architect in wood, in stone and in iron—all at once.

In Scott's Emulsion the taste of the oil is fully disguised. It does not nauseate the most delicate stomach.

No other emulsion is "just the same as," or "as good as" Scott's. There is a radical difference.

Accept no substitute.
